

## **FRANKLIN COUNTY WOMEN & FAMILY SHELTER NEEDS**

On Thursday, February 28th there was a fire at the Franklin County Women & Family Shelter. No one was injured and the fire was contained to just one of their three units. The temporary loss of one of these units means six fewer beds for single women who are experiencing homelessness.

During the time this unit will be out of commission, the staff will either provide motel/hotel stays for those in need or have turn women and families with children away.

Along with this cost of motel stays, they will need to be able to supply food and drinks that can be prepared in microwaves for clients who are temporarily provided shelter in motel rooms.

Drop off donations at the shelter- 303 East Third Street in Frankfort or call 502-352-2843
